A QUALITY ORIENTED COMPANY  
**Dentech** Surgical (Pvt) Ltd.

## About us

Introducing Dentech as a high-tech and precision Dental, Orthodontic and surgical instruments manufacturing and exporting facility, goes back to about 50 years of consistent retrospect. The advent of this project was as merely a family business at a crucial time when it was extremely hard for the exporters to get some high precision Dental, Orthodontic and surgical instruments custom-made from a negligible number of venders, we turned in as one distinct among them and with about 30 years of manufacture and local supplies, we developed certain items exclusively conforming to the international standards.

In 1992, we stepped in exports and have been exporting since then, to United States, United kingdom, Central & East Europe, Far East and South Pacific, our products with intricate quality and optimal accuracies. The best and the foremost logistics support is a carefully improvised Price-Structure, most convenient and comfortable for our valued buyers to compete and match the international market. In the mid-nineties, when International Organizational Standards became mandatory almost the world over, we have qualified CGMP, QSR, approved by FDA (USA), ISO 9001/2000 and CE Mark, subsequently.

We cordially invite our patrons abroad to float their respective inquiries without any hesitation; we assure you our best services, competitive prices and provision of samples where necessary.

## Our Scalers

Compare our scalers and curettes with the best in the industry and you will immediately recognize we are equal in every way but one... price. Note the deep precision knurling for better tactile feel. The same high-grade stainless steel tips, the same light weight (under 18 grams) for less hand fatigue, the same professional craftsmanship, and surpassing the highest industry standards. of course, any manufacturer can make these claims, but we guarantee and certify ours.

- High-polish mirror finish tips.
- Manufactured within the guidelines of the FDA quality assurance system for good manufacturing practices.
- Highest grade German stainless steel, razor sharp, durable tips. Rockwell hardened to 60 RHc.
- 27 of the most popular designs from graceys to McCalls to columbias, and many european patterns.
- All instruments are guaranteed against defects in material and workmanship.

- All instruments bear the ce mark, emblematic of the european community's highest standards.
- Customer satisfaction guarantee, too!
- Less than 20 grams ... Lightweight for less hand fatigue.
- Manufactured to the most exacting standards so the 50th instrument you buy is exactly like your first.
- You decide ... Why pay more for the same high-quality instruments?

## LAP & L-KEY JOINT PLIERS

**DE-1394**  
In order to skirt bands and crowns.

**DE-1395**  
Wires up to .020" / 0.7mm.

**DE-1396**  
Round and concave plier for loop forming and banding wire up to .20" / .051mm.

**DE-1397**  
Bending for round square or rectangular wire up to 0.30"/0.76mm

**DE-1398**  
for double back and triple back bands in 0.30" / .76mm & 0.36" / .91mm lingual arch wires.

**DE-1399**  
Detailing step plier double-sided offset beak permits bayonet bends. Creates right hand or left hand step-up or stepdown at 1/2, 3/4, or 1mm increments.

**DE-1400**  
"V" bend stop special design makes 1mm "v" bends to shorten archwires or provide a positive stop. Excellent for placing stops in titanium wires. For round or rectangular wires up to .025"

**DE-1401**  
Angle how plier efficient utility plier with serrated beaks for a firm grip. 45 angled tips to access hard to reach areas.

**DE-1402**  
Weingardt plier serrated tips hold wires firmly at a convenient working angle. Tapered beaks fit easily between brackets and hard to reach areas. Our most popular utility plier.
